# Introduction

**We take pride in the knowledge that our information is relied upon by many thousands of people... ”**

For over 60 years Higham Press has been involved with and reporting on dog show competitions throughout the UK. At one time or other we have worked on all the major championship events. We take pride in the knowledge that our information is relied upon by the many thousands of people involved in dog shows, the general public and the wider media, who often draw on it for their own reporting.

In recent years the development of the internet has allowed us to significantly grow the business and create a range of new initiatives. [www.dog.biz](http://www.dog.biz) provides a unique one stop service for those showing their dogs. Who as members, can apply online for competitions, make secure payments through the site, download documentation and view show information. Through [www.highampress.co.uk](http://www.highampress.co.uk) we publish all the results, pictures and news fresh from the shows, often within minutes of the judges' decisions.

As a result we have seen a huge increase in our customer numbers, with both sites combined averaging over 250,000 unique visits per month, that's 8,300 per day! As well as the wider dog owning public, many of these belong to dog clubs and associations, are involved in training and breeding programs and show their pets. All are passionate about dogs and dog owning, spending significant amounts of income on their canine friends.

We have created some high profile advertising positions on both sites. Please spend a few minutes considering the benefits and opportunities [www.highampress.co.uk](http://www.highampress.co.uk) and [www.dog.biz](http://www.dog.biz) can provide to your business. I hope to work together in the near future.
